RE: Audio and video analysis of "Michael Jackson" video tape

Dear [Redacted]

On October 20, 1995 I forwarded a video tape to you for audio and video analysis by your department. I had hoped to use the tape in a Federal child pornography case. However the State of Florida is proceeding on state child pornography charges and the case will be coming to trial soon. I am requesting the "Michael Jackson" video tape be returned to me at the address listed below as soon as possible. It is not necessary to complete forensic analysis on the video tape. The state case will not require a report from your office.

Should you have any questions, please call me at (561) 659- [Redacted]. Thank you for your time and assistance in this matter.

Very truly yours
