WINSTON COURTNEY SADLER, white male, was interviewed at his place of employment, AMERICAN AIRLINES (AA) SOUTHEASTERN RESERVATION CENTER (SERO), Cary, North Carolina. After being advised as to the identities of the interviewing agents and as to the nature of the interview, SADLER provided the following information:

SADLER stated he was currently employed with AA in their International Resolution Department. SADLER stated he was charged with being coming into the SERO. SADLER stated that on September 11, 2001, at approximately 8:20 A.M., Customer Service Agent (CSA) VANESSA MINTER came to him stating that she had a lady on the telephone line calling from an AA flight that was being hijacked. SADLER stated that MINTER seemed to be panicked and stated she could not find her "emergency button" on her telephone. SADLER offered to take the call so MINTER transferred the call to SADLER. SADLER explained that the telephone system operated by AA allowed for him to be connected onto a line from one of the agents and the agent still remain on the line. Once this was established, SADLER immediately activated his emergency button which further allowed the Operations Center to monitor the telephone call. SADLER stated the individual on the telephone identified herself as BETTY ONG (phonetic). SADLER stated that she identified herself as being aboard Flight Number 11 as one of the Flight Attendants (FA's). ONG further stated that people aboard the plane had entered the cockpit and that FA's Number 1 and Number 5 had been stabbed. ONG stated she was located in the coach area of the airplane. At one point in the conversation, SADLER recalled that ONG stated that all of the FA's had moved back to the coach area. ONG also stated that she did not believe that the coach passengers were aware of the hijacking. SADLER explained that the 767 airplane utilized by Flight 11 was sectioned into three sections, a coach area, a business area, and a first-class area.

ONG further stated she believed mace had been sprayed in the business class area which made it difficult to breathe. During

the entire conversation, ONG seemed to be talking to someone else in the background and retrieving information including the fact that the passenger in 9B had been injured and was possibly deceased. ONG also identified passengers seated in Seats 2A, 2B, and 10B as participating in the hijacking. SADLER stated during the telephone conversation with ONG other individuals on the line from the Operations Center, namely NYDIA GONZALEZ, participated in asking questions of ONG. During these intervals, SADLER was using his computer screen to find out information concerning Flight 11. SADLER recalled at one point, he was monitoring a readout on his computer screen where ground control was attempting to notify Flight 11 that Flight 11's transponder had been turned off. Later he checked his passenger roster to find the name of the passenger in 9B who had been hurt and identified that passenger as DANIEL LEWIN.

SADLER recalled that ONG stated she was trying to call the pilots in the cockpit, but was not getting a response. ONG had stated that no announcements had been made from the cockpit. ONG stated she attempted to find if there was a doctor onboard to assist with the wounded. ONG informed that FA Number 1 was hurt worse than FA Number 5 and they had put oxygen on FA Number 1. ONG gave the impression that FA Number 5 was sitting somewhere near her. ONG would state at times that the airplane was flying erratically. SADLER recalled these statements of erratic flying occurred several times during the conversation. SADLER also recalled that for the moments in between the erratic flying, the airplane seemed to be smooth in its flight path. SADLER stated at points in the conversation, ONG would state that the airplane was descending. SADLER stated he was convinced immediately upon taking the call, that it was a legitimate telephone call from an airplane because he was used to hearing the background noise given by airplane telephones and this call had that background noise. SADLER stated when the airplane seemed to be flown erratically, that ONG would make statements such as "please pray for us... oh God... oh God."

SADLER stated that NYDIA GONZALEZ was in the Operations Center monitoring the call almost immediately when he had first taken the call. SADLER stated during the call, he had used his computer "scratch pad" to take notes of the conversation as it occurred and these notes were not saved, but had been converted to his handwritten statement which had previously been provided to the interviewing agent.

SADLER stated the telephone call from ONG went through phases of signal fade where communication did not appear to be established but then it would always return until the very end of the call. ONG never commented on the plane's location to SADLER's recollection. ONG never
indicated with what instrument the FA's had been stabbed. SADLER stated that he was personally "stunned" by the whole event.

A copy of SADLER's handwritten statement and a typed version are both attached to this document and made a part hereto.
